

# ROSCAMATIC 2" COMBI THREADING MACHINE

EGA Master Roscamatic-2 Combi threading machine can thread, cut and ream iron and steel pipes **up to 2"**, and bars **up to 39 mm**. It is designed **to use in installation and construction industries**, for the most demanding users.

\*G12: MONTHS OF WARRANTY

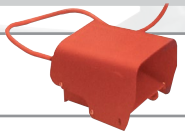

**IMPORTANT:** Never use liquid coolants or other water based products. **Only threading cutting oil should be used.**

**1.** The Roscamatic-2 Combi will easily and conveniently **thread, cut and ream pipes up to 2"** and bars up to 39mm diameter.

**2.** The powerful **1500 watt motor** ensures that accurate threads are produced every time.

**3.** Connection for pedal included.

**4.** Designed to make **conical threads (BSPT & NPT)** for steel pipe and metric threads for rod.

**5.** It is a **compact, easy to use and highly effective** machine.

**6.** Utilising the **roll grooving carriage accessory** enables up to 12" pipe to be threaded.

**7.** A **Tristan** is included to provide support, stability and comfort while threading.
